The Institute began as the Government Technological Institute, Uttar Pradesh in 1921. The Institute was renamed Harcourt Butler Technological Institute in 1926 in honor of the name of Sir Spencer Harcourt Butler, the then Governor of U.P. Degree courses in Oil Technology were started in 1921, and Chemical Engineering was started in 1954 and after that number of undergraduate and post graduate courses were started. On March 26, 1965, it was upgraded from a Government Department status to an Autonomous Institution. It was upgraded to Harcourt Butler Technical University, Kanpur on September 01, 2016, by Govt. of UP. The University spreads across two campuses - East Campus (77 acres) and West Campus (271 acres) situated approximately 3 kilometers apart. The University provides a congenial environment for the holistic growth and all-round development of the students.

ABOUT THE SCHOOL OF CHEMICAL TECHNOLOGY

University offers distinctive study programs with its priority and thrust in imparting high-quality education in seven Chemical Technology branches, namely Oil Technology (Estd. 1921), Chemical Engineering (Estd. 1954), Plastic Technology (Estd. 1964), Paint Technology (Estd. 1964), Food Technology (Estd. 1964), Bio-chemical Engineering (Estd. 1964) and Leather Technology (Estd. 1978). The School of Chemical Technology (SoCT) produced more than 15,000 graduates in these programs which cater to the industry and top-level management human resource demands at the National and International level. Alumni from the School of Chemical Technology are placed as CEOs/MD's of many top Companies across the world.
